MARGRACE

We take great pride in presenting to you this great prize winning dahlia, which we grew from seed saved in our own garden.

It is an informal dec., brilliant scarlet tipped and striped with gold. In hot weather the gold is not so prominent. It is a very deep flower with an exceptionally fine stem that holds the flower facing to erect.

IN THE SHOW ROOM

At the Mid West Show Margrace won first in the informal dec., undiseminated, and also was awarded the silver cup for the best undiseminated dahlia.

At the Michigan State show it won first in the informal dec., and was a close contender for the largest and best bloom in the show, and this after a 300 mile automobile ride.
